

Liverpool John Lennon Airport and ATCSL Gender Pay Gap Report

Liverpool John Lennon Airport (LJLA) and Air Traffic Services Limited (ATCSL) strive to ensure that people are treated equally at work across all levels, departments and locations. Through our People Strategy, we focus on making sure that everyone has the same opportunities for reward, recognition and career development, thereby achieving our goal of being an “Employer of Choice” and our SILVER Investors in People (IIP) accreditation.

Improving diversity and Inclusion is one of four key people strategic objectives designed to create a more open and inclusive culture, recognising that differences can lead to innovation, creativity and flexibility and it is this focus that drives our continued success.

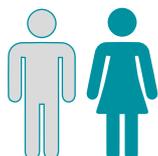

Liverpool John Lennon Airport is confident that all our people are paid equally for equivalent jobs and takes pride in the fact that we also have no gender pay gap. However, we are committed to continue to work hard to sustain this positive position.

This is our 4th Gender Pay Gap Report and has been published in accordance with the GPG reporting regulations under

the Equality Act (2010) (Gender Pay Gap Information) Regulations 2017 which came into force on 6th April 2017. This legislation required UK employers with 250 or more employees to publish annual statutory calculations showing the pay gap between male and female employees. This report combines the data for LJLA and ATCSL and relates to gender pay gap figures as at 5th April 2020. The gender pay gap is the difference in the average pay and bonuses of all men and all women in our organisation, irrespective of the role they perform.

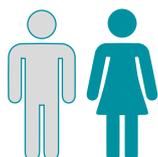

Pay Gap

Male employees earn an average (mean) **4.54%** less than female employees (compared to 6.85% last year)

Male employees earn **4.06%** more than female employees (median) (compared to 11.83% last year)

Bonuses

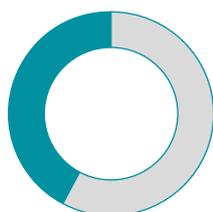

15.28 % of all female employees received a bonus

10.22 % of all male employees received a bonus

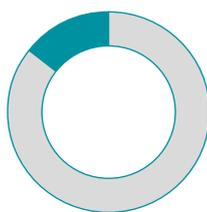

Average (mean) male bonus earnings are **35.45 %** more than female bonus earnings

Median male bonus earnings are **4.74%** lower than female bonus earnings

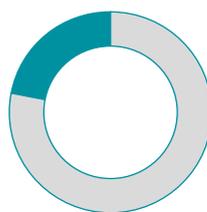

Gender Breakdown Per Pay Quartile

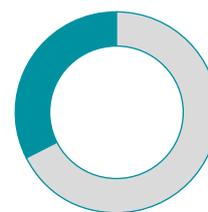

Lower Pay Q:
57.81% male **42.19%** female

Lower middle Pay Q:
85.71% male **14.29%** female

Upper middle Pay Q:
78.13% male **21.88%** female

Upper Pay Q:
67.74% male **32.26%** female

*All quartiles are overrepresented by men as overall we employ 2.5 times more males than females.

Liverpool John Lennon Airport and ATCSL Gender Pay Gap Report

Our Results

Males have historically dominated the Airport sector and this is still reflected at LJLA and ATCSL where 71% of our employees are male and 29% are female. However, we are proud to report that we have maintained a negative gender pay gap. Last year, male employees earned on average 6.65% less than female employees which has been consistent with this year where males earned on average 4.54% less than female employees. This is a great achievement and a rare occurrence in the aviation industry.

Our Approach To Equal Pay

LJLA and ATCSL are committed to providing equal pay for equal work as it is the right thing to do. We ensure this through our reward and recognition strategy and pay policies which are designed to control potential biases. For this we use a standardised approach to grading jobs through the Hay Job Evaluation process.

Representation Of Women

Whilst the gender profile of LJLA and ATCSL is still significantly male, we have worked hard to ensure that women are represented at every level in the organisation. The Executive Management team continues to be made up of 50% females and the wider management team made up of 33% of females. We have also continued to internally promote a number of women into senior operational roles which is again unusual in the aviation sector. This has been driven by our People Strategy which has focussed on internal development and progression, improving the quality of leadership and a culture of working flexibly. Other initiatives that have led to these results include:

Flexible working and Options scheme

Leadership and Management Transformation programme

Internal progression

Diversity and Inclusion Working Group and Action Plan

Career Pathways

My Plan Performance Management

On boarding and Induction

Personal Coaching and Mentoring programme

All of these initiatives have positively impacted our Engagement Score which was 89% for 2020/2021. This was 4% higher than the previous year and is also 11% points above the average of companies surveyed.

We will continue to build on the success we have achieved so far and will continue to monitor and encourage gender diversity across both Liverpool Airport and ATCSL. Through the People Strategy, we will focus on attracting, retaining and developing a diverse range of talent and will ensure that our reward and recognition programme is fair and consistent to all our employees. We will also use our Diversity and Inclusion Working Group and Action Plan to ensure that we stay focussed on our objectives and everyone working at Liverpool Airport is aware of these and their responsibilities.

I can confirm that the data provided is true and accurate.

Carol Dutton, HR and Community Director
